## FACTORY AUTHORIZED STOCKING DISTRIBUTORS

**Liquid Metronics, Inc.** metering pumps - flow proportional metering - instrument responsive control ph, ORP and conductivity controllers - tanks and accessories

**Myron L Company** hand held and monitor/controllers for pH, conductivity and resistivity - agri-meters - buffers

**Burkert Fluid Control Systems** solenoid valves - air-actuated valves - diaphragm valve - sanitary diaphragm valves - ph/ORP and conductivity - level monitoring and control

**Flojet Corporation - IIT Industries** industrial diaphragm pumps - specializing in self-priming, dry running, corrosion resistant pumps - ac, dc and air drive models

**SeaMetrics** flow meters - flow controllers - paddlewheel type with jewel bearings - modular design flow computers and batching systems

**SIGNET+GF+ George Fischer** flow monitoring and control - ph/ORP and conductivity control - batching systems - ball valves and actuated valves

**Sensorex** pH and ORP electrodes and accessories - biotech - pharmaceutical - laboratory - municipal and industrial electrodes - OEM replacements

**Tuthill Corporation** leak proof - magnetic gear pumps - hi-torque - stainless steel and plastic head configurations - ac, dc, air and variable speed motors - NEMA 56C motor mates

**Stenner** peristaltic, adjustable rate chemical feeders - single head and double head - both single control or dual control on double head

**UVPure** the world leaders in ultraviolet drinking water systems - patented Crossfire Technology, NSF approved

## DEWCO Equipment & Services

**Chlorine Dioxide Generators** 3 chemical, 2 chemical generators - ORP controlled, flow controlled or custom controlled

**Custom Systems** pH, ORP, conductivity, level, computer controlled dispensing and monitoring systems

**DI Regeneration** deionized resin regeneration - deionized bottle exchange - carbon bottles and filters

**Pump Repair** factory authorized pump rebuild/repair

**Tanks and Accessories**
